

## ENDIVIDAMENTO E DÍVIDA ATIVA DOS MUNICÍPIOS PAULISTAS

Apresenta-se nesse trabalho uma análise sobre a Dívida Fundada<sup>i</sup> e a Dívida Ativa<sup>ii</sup> dos municípios paulistas, abrangendo os exercícios de 2010, 2011 e 2012. O trabalho está organizado em diversos quadros, onde poderá ser verificada a situação dos municípios, individualmente, relacionando-se o endividamento com suas receitas arrecadada e corrente líquida; o comportamento das dívidas nos exercícios analisados bem como a situação, em conjunto, dos municípios de uma mesma região administrativa, além da classificação em determinados rankings.

Todos os dados foram extraídos do Sistema Audeps, incluindo no montante da Dívida Fundada a Dívida Consolidada do Regime de Previdência, sendo do Poder Executivo Municipal a responsabilidade pelo seu envio; ou seja, tais dados estão sujeitos à apreciação da equipe de fiscalização e oportuna correção quando da emissão de pareceres sobre as contas municipais pelas Câmaras do TCESP, que emitirão sobre elas um parecer.

A matéria é tratada nos processos de contas municipais, sendo objeto de identificação das causas nas situações verificadas de aumento relevante de longo prazo (ex.: confissão de dívida junto ao INSS; atualização monetária dos empréstimos tomados; assunção de operação de crédito de longo curso).

De igual forma, verifica-se o crescimento em % da Dívida Ativa, isto porque, em sua maioria, os municípios não se utilizam de instrumentos capazes de recuperar estes créditos, ou ao menos diminuir o seu saldo.

O Tribunal de Contas do Estado de São Paulo, ciente da necessidade de contribuir para pretendida diminuição, encampando o entendimento dos órgãos judiciais, admitiu, nos autos do Processo TC-41.852/026/10, a adoção do instituto do protesto de certidões da dívida ativa, com fundamento na Lei Federal nº 12.767/2012 a qual, dentre outros, acrescentou um parágrafo único ao artigo 1º da Lei Federal 9.492/97, com o seguinte teor: “Incluem-se entre os títulos sujeitos a protesto as certidões de dívida ativa da União, dos Estados, do Distrito Federal, dos Municípios e das respectivas autarquias e fundações públicas.”

Conforme bem anotou o Instituto de Estudos de Protesto de Títulos do Brasil - Seção São Paulo, em recente artigo publicado no Jornal Tribuna do Direito – julho de 2013, por seus tabeliães de Notas e Protesto, os senhores Arthur Del Guércio Neto, e Milton Fernando Lamanuskas,

*“Cabe agora, ao administrador público, do Município, Estado, ou da União, optar por quebrar a inércia que torna a máquina burocrática do Estado tão difícil de movimentar, focando suas atenções nas simples medidas e procedimentos que poderá adotar para ter os créditos fiscais recuperados por meio da cobrança extrajudicial, de forma ágil e infinitamente menos onerosa, atendendo não só às exigências da responsabilidade fiscal hoje em dia rigorosamente fiscalizada, como principalmente aos reclamos da sociedade por uma melhor gestão e aplicação dos recursos públicos.”*

---

<sup>i</sup> Considera-se Dívida Fundada DÍVIDA FUNDADA OU CONSOLIDADA àquela que compreende que os compromissos de exigibilidade superior a 12 (doze) meses contraídos mediante emissão de títulos ou celebração de contratos para atender a desequilíbrio orçamentário, ou a financiamento de obras e serviços públicos, que dependam de autorização legislativa para amortização ou resgate. (§ 2º, Art. 115, Dec. 93.872/86)

Cabe ressaltar, que a Lei de Responsabilidade Fiscal – LC nº 101/00 – ampliou o conceito da dívida fundada, incluindo neste: as operações de crédito de **prazo inferior a doze meses** cujas receitas tenham constado do orçamento. (§ 3º, Art. 29, LC 101/00) os **precatórios judiciais** emitidos a partir de 5 de maio de 2000 e não pagos durante a execução do orçamento em que houverem sido incluídos. (§7º, Art. 30, LC 101/00).

<sup>ii</sup> Regulada nos arts. 201 a 204 do Código Tributário Nacional, também é tratada na Constituição Federal (art. 131, §3o), na Lei no 4.320, de 1964 (art. 39) e na Lei no 6.830, de 1980 (arts. 2o e 3o). O artigo 201 do CTN assim dispõe: Art. 201. Constitui dívida ativa tributária a proveniente de crédito dessa natureza, regularmente inscrita na repartição administrativa competente, depois de esgotado o prazo fixado, para pagamento, pela lei ou por decisão final proferida em processo regular.

Em trabalho divulgado pelo TCESP em 07 de dezembro de 2.005 (DOE de 07/12/2005 – Suplemento 1) na questão do endividamento, ativo e passivo, observava-se a seguinte situação:

**“CONFRONTO DE CONTAS**

*Tão importantes quanto os valores apresentados pelo município na conta de Endividamento, são os valores da Dívida Ativa.*

*Valores consolidados (em Reais) dos 644 municípios referentes ao exercício de 2.004*

<b>Dívida Flutuante</b>	<b>Dívida Fundada</b>	<b>Total do Endividamento</b>	<b>Dívida Ativa</b>
<b>2.551.431.449,70</b>	<b>9.423.738.978,28</b>	<b>11.975.170.427,98</b>	<b>11.549.888.236,00</b>

*Numa visão global nota-se que a Dívida Ativa alcança quase que a totalidade do endividamento dos municípios, resultando em um saldo mínimo caso fosse possível um confronto de contas. A realização da Dívida Ativa em receita é resultado da superação de vários desafios, principalmente aqueles gerados por ineficiências da própria administração pública, até em face da maioria dos municípios não estar adequadamente organizada, administrativamente falando, para gerenciar tais cobranças.”*

Verificou-se, naquela publicação, que a diferença entre a **Dívida Fundada – R\$9.423.738.978,28** e a **Dívida Ativa R\$11.549.888.236,00**, apresentava em favor dos municípios a soma de **R\$2.126.149.257,80** na Dívida Ativa.

Atualmente, passados oito anos, o confronto de contas se apresenta com acentuado desnível, como pode ser verificado no Quadro 3 - Demonstrativo (diferença), por município, entre as Dívidas Fundada e Ativa, em 31.12.2012, dando à **Dívida Fundada** uma dianteira da ordem de **R\$15.593.700.349,99** (Dívida Fundada = R\$40.147.845.507,07, com um crescimento de 326% e Dívida Ativa = R\$24.554.145.157,08, com um crescimento de 113%) numa clara demonstração de descompasso na gestão administrativa. **No Quadro 8 - Demonstrativo da Dívida Ativa por município e por exercício, com percentuais de inscrição, recebimento e cancelamento**, registram-se casos de inscrição com índices de representatividade acima de 400% em relação ao saldo inicial, em 2.011 e 2.012, demonstrando a falta de mecanismos mais eficazes no trato da dívida ativa, com vistas ao desestímulo por parte de eventuais pretensos devedores.

Quadro 1.		Demonstrativo da Dívida Fundada por município e por exercício, com respectivos percentuais em relação às Receita Arrecadada e Receita Corrente Líquida.
